

FORM B
REPORT OF THE FOOD ANALYST
(Refer Regulation (2) of 2.3.1)

Report No.2144 /2015-'16

Certified that I, **Jaya.I**, duly appointed under the provisions of Food Safety and Standards Act, 2006 (34 of 2006), for all the Local Areas of the State have received from, **Food Safety Officer, Peermedu Circle** a sample of "**Carrot**" (**Sample collected from Vandiperiyar**) bearing **Code No 1537** and **Serial Number (not mentioned in the Form VI memorandum) of the Designated Officer, Idukki District** on **Fourth day of July 2015** by courier for analysis.

The condition of seals on the container and the outer covering on receipt was as follows:-
The seals fixed on the container and the outer cover of the sample were tallied with the specimen impression of the seal sent separately with a copy of memorandum in a sealed cover by the Food Safety Officer. The seals are found correct and intact.

I found the sample to be **Carrot (Proprietary Food)** falling under **Regulation No.2.12.1** of Food Safety and Standards (Food Products and Food Additives) Regulations 2011. The sample ~~was in a condition fit for analysis~~ /was not in a condition fit for analysis for the reason given below:

1. 1st part of the Sample received in spoiled condition
2. Informed by The Designated Officer, Idukki District that the 2nd, 3rd and 4th part of the sample were in spoiled condition.

Opinion: The sample received in spoiled condition and hence cannot be accepted for analysis
and is therefore rejected

Signed this: Twentieth day of July 2015.
